

### Contract Capabilities

Your single source custom wood components solution. Serving the Hospitality, Store Fixture, Product Display, Furniture, Kitchen and Bath and Industrial OEM markets since 1927.

We work collaboratively with you to add value to your projects through value engineering and provide immediate, clear and concise pricing. With both US production capabilities and global partnerships, we help bring your designs to life.

Our comprehensive offerings include FSC certified materials, CNC routing, shaping, turning, moulding and carving capabilities along with a vast number of secondary operations including hardware installation, edge banding, precision drilling, finishing, assembly and packaging.

Looking for a complete solution, and not just a component? From complete POP displays, to individually packaged retail ready items, Brown Wood Inc. is ready to be your partner.
