

## Metal Accents

Add a touch of metallic to all your designs with our new line of Cabinet Accent Trim. Featuring slim profile, easy to install accent strips in multiple sizes. Available in 5 satin anodized finishes with pre-installed VHB tape for easy installation. Stock colors include: Satin Brass, Flat Black, Brushed Aluminum, Chrome and Warm Bronze. Looking for something special? Give us a call, most of our accent pieces can be custom colored in small quantities.

Looking for inspiration? Our .25" x .75" strip is a beautiful addition to frames for inset cabinetry or fits easily into any standard moulding that accepts a 3/4" insert, while the .25" x .25" and .125" x .75" pieces add a touch of class to cabinet and door faces and frames and the "L" channel works beautifully as the inside edge for your panel doors.
