

**TOE-KICK
FEET**

Toe Kick Feet

Make all your cabinetry have the look and feel of furniture by incorporating one of our 5 specially designed Toe Kick Bun Feet. These feet are sized to tuck perfectly into the toe kick area without having to slab the back of a regular foot. Less hassle, easier installation and better design. 4 of our wood styles are available in 10 stock wood species, ready to finish to match your cabinetry and our two metal feet are offered in 9 unique, anodized metal finishes.
