ALUMINUM BARS

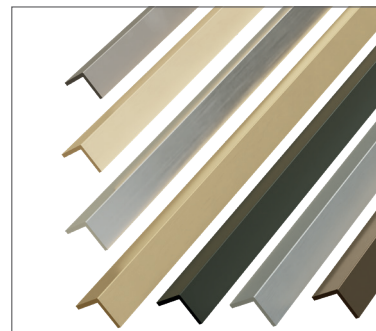

Made in the USA from anodized aluminum. Chip, peel, and rust resistant. Can be used as a decorative element around cabinet door panels, or used as accent trim on furniture pieces, fireplaces, credenzas, vanities, and more.

- Stocked sizes:
- **01110788** (Left) - .75"W X .25"T X 72"L
 - **01110810** (Right) - .25"W X .25"T X 72"L
- Up to 144" L available.
Custom finishes available.

ALUMINUM L-CANNEL

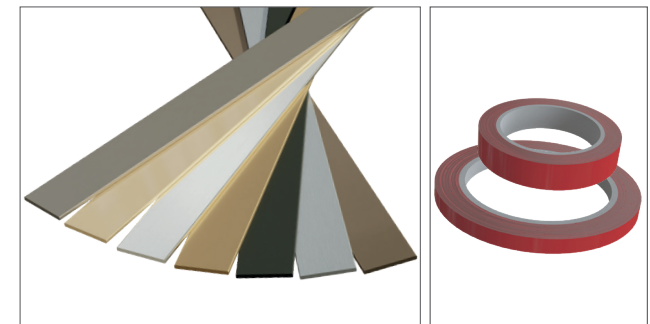

Use in both commercial and residential applications. Use as functional protection to tops of cabinet drawers and other components susceptible to dings, dents, and moisture.

- Stocked sizes:
- **01110030** (Above) - .5" each way x .063"T x 72"L
 - **01110451** - .875" each way x .063"T x 72"L
- Up to 144" L available.
Custom finishes available.

ALUMINUM STRAPPING

Use as panel separators and corner protection on high traffic commercial applications. We stock clear, strong, double-sided UHB tape that's temperature and moisture resistant to adhere to any surface.

- Stocked sizes:
- **01STRAP7572** - .75"W x .063"T x 72"L
 - **01110171** (Above) - 1.25"W x .094"T x 72"L
- Up to 144" L available.
Custom finishes available.
- **UHB Tape** - 1/2" or 3/16" wide.
