## ALUMINUM BARS

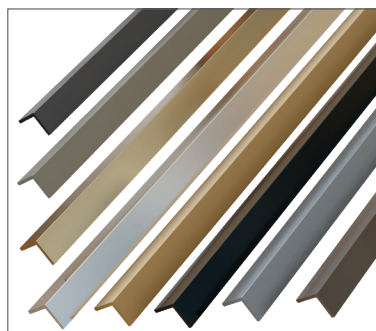

Made in the USA from anodized aluminum. Chip, peel, and rust resistant. Can be used as a decorative element around cabinet door panels, or used as accent trim on furniture pieces, fireplaces, credenzas, vanities, and more.

- Stocked sizes:
- **01110788** (Left) - .75"W X .25"T X 72"L
  - **01110810** (Right) - .25"W X .25"T X 72"L
- Up to 144" L available.  
Custom finishes available.

## ALUMINUM L-CHANNEL

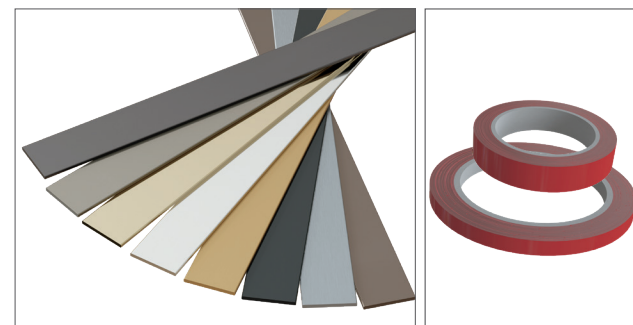

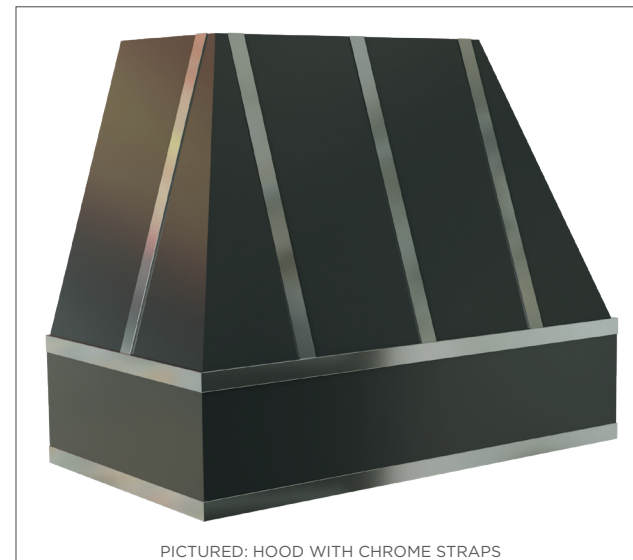

For use in both commercial and residential applications. Use as functional protection to tops and corners of cabinet drawers and other components susceptible to dings, dents, and moisture.

- Stocked sizes:
- **01110030** (Above) - .5" each way x .063"T x 72"L
  - **01110451** - .875" each way x .063"T x 72"L
- Up to 144" L available.  
Custom finishes available.

## ALUMINUM STRAPPING

Metallic Trim offers endless opportunities for design. Add a pop of shine and color to otherwise standard cabinetry, protect pull-outs from kitchen & bath messes, or hide hinges and imperfections. Shipped in 72" lengths, the straps can be cut on site to fit your specifications using a lubricated, non-ferrous, high tooth count (96 is recommended) carbide blade designed for cutting metal. We stock strong, double-sided, clear industrial tape that's temperature resistant to adhere to mouldings and cabinet panels.

- Stocked sizes:
- **01STRAP7572** - .75"W x .063"T x 72"L
  - **01110171** (Above) - 1.25"W x .094"T x 72"L
- Up to 144" L available.  
Custom finishes available.
- **UHB Tape** - 1/2" or 3/16" wide.
